60 against the multi-player team. Saints (-5.5) over JETS Ã Gang Green's misfortune that a handful of injured New Orleans street vendors appear ready to go off the injury list to return to the weekly scrum ... including, more¹ significantly, N'Awlins RB key Alvin Kamara. The road does not seem to affect the saints much, contributing to Jet's pains. Justin Herbert and the Chargers beat the Giants by more than 10 points, predicts Richard Witt. USA TODAY Sports Ravens (+2.5) on BROWNS This A a rare immediate revenge, week by week, for Cleveland, having lost to Baltimore on their Sunday night two weeks ago â with Browns by intervening This is a great opportunity for the Clevelanders, given this infrequent programming pattern, but since neither offense was consistently reliable, he would prefer to take points. Jaguars (+9) on TITANS The hosts were disappointing as favorites in recent weeks, after enjoying an elegant 5-0 when they were held as underdogs on the market. Usually, this would guide us solidly towards Jax â but the sharpies gnawed a good part of the market value available when this week's market opened. Lean against the pronounced puppy, but nothing special. CHIEFS (-9.5) on Raiders Vegas has turned into a complicated reading, largely because the QB Derek Carr command of the deep-passing game does not extend to his more conservative. He suspects the Chiefs'long line of disappointment may be near the end. WASHINGTON (+4) on Cowboys Washington's Washington Until the lost time, putting together four respectable and capable athletes, but it seems too expensive here, give current matches and circumstances. The coach of Washington Ron Riveragetty Images Falcons (+2.5) on Panthers for us, Atlanta seems to have some reasonable positive promise - unless this carolina team is able to drove a respectable measure of Salary power -Drive, in recent weeks this season. It calculates that this dog is valgiars a swing, in current circumstances. Carolina figure to do with his vicious finish program. Seahawks (-8) On the years of Texans Seattle passed his peak, but this match figure to play like a day at home, after what 'Hawks have endured this year with an aged team and the oldest alloy coach With Pete Carroll. Visitors should be eager to show the best advantage against this modest enemy. Broncos (-10) on Lions Invitation program sequence for broncos ... Capturing the detroilers in the wake of Lions who manage to tear their first victory of the year, against the unfortunate Vikings. Furthermore, Broncos have progressed in the last month, and I see no reason why there should be a regression here. 49ers (+1) on Bengals this can seem an ancient time, with the NFC entity (San Fran) who gets all the best on the road, against a Bengal team who suffered in the prolonged war of worship, with multiple problems that weaken Their defensive structure. Buccaneers (-3) on Bills if they were playing this in Frozen North, we could consider the bills ... but given the time of year, to give the Bucs of Brady all the best against the team with a distinctly irregular history of encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that this encounters under the spotlight with the kind of attention that the spotlight with the s as they want, as the Chicago people are looking for some glimpses of hope in the next year or two is Monday's CARDINALS (-2.5) on Rams Markets have made it easier to get behind the edges they would prefer to use, at this time and place. You marvel at the Ram roster, but they remain less than the sum of their parts, until they show us different things that they have been able to do since the beginning of the century. We are committed to this theme and are committed to studying the options that support our complete range of digital offers for your market. We continue to identify technical solutions of conformity that will provide all readers with our multifaceted journalism. We did 12-2 ATS last week, and it was our best week. This momentum with our choices of week 14th NFL. Steelers vs. Vikings Pittsburgh seems to be a master at covering +3 spread. The Vikings lost to the Lions. Aah! Steelers +3 (-110) Seahawks vs. Texans I Seahawks vs. unreliable, and I'm not sold on Chiefs yet. Kansas City beat Las Vegas 41-14 on November 14th. Stay tuned for the latest sports news with the BParlay sports betting blog. CHEGLI: Chiefs -9.5 Cowboys vs Washington The cowboys have forced four turnover last week. This will be a defensive battle in Washington. Choose: Cowboys -4 (-110) Saints against against The Saints are in bad shape, but things could be worse for the Jets. If Kamara plays, I like the Saints. PICK: Saints -5.5 (-110) Falcons. Carolina's in this game, and I bet the Falcons. PICK: Falcons. PICK: Falcons +3 (-110) Ravens vs Browns The Baltimore Ravens as a sub-dog A is too good to resist. Baltimore beat Cleveland 16-10 in November 28 at M&T Bank. PICK: Ravens +2.5 (-110) Giants vs Chargers The Giants do not have a quarterback, and the Chargers -10.5 (-110) Lions v Broncos The Lions come off a win with an eight-point buffer Ã" enormous. This team is ATS 8-4. PICK: Lions +8 (-110) 49ers vs Bengal The 49ers and Bengals should both be embarrassed. I have to go with Cincinnati home in a 226;Âem. PICK: Bengals (-110) Bills vs Buccaneers The Buffalo Bills were embarrassed by the New England Patriots. The Bills need to recover, and the New England game could be a wake-up call. PICK: Bills +3.5 (-110) Bears vs Packers The Chicago Bears are bad, and the Packers are coming off a greeting. Easy decision. PICK: Packers -12.5 (-110) Rams vs Cardinals -3 (-110) Thatà @s all for our Week 14 NFL Picks. Also make sure to see our NFL Week 14 Parlay! Why not try something different with the BParlay? Home team in CAPS: CHARGERS (-10) on Giants Big Blue QB Mike Glennon made his extended debut in 1921 for the Giants in South Florida against the Dolphin's challenging defense. Visitors collected a trio of field goals to keep things respectable. Expect more points on both sides, but the Giants will be challenged to keep him close for the entire
